Product Launch for Mantra - The Blessings of Vitality, Well-Being & Beauty in a Bottle

Mantra Body Products are based on an ancient West African formula that is over 900 years old. This all-natural formula has many aesthetic and medicinal qualities. Once a year Ghedee (or Gheede) Priests gather herbs, botanicals, extracts and essential oils and hand blend them into a rich cream or emulsion that has a dual purpose - physical and spiritual application.

These physical elements are bound by the energy of 108 prayers, chants, mantras and meditations of well-being. The formula has been revised to include herbs and extracts native to 5 continents. However, the process of making Mantra has remained the same to capture the essence of the original formula.

Mantra Body Products are packaged in special energy saving, *Miron* Violet Glass that maintains the bio-integrity of this "living" product.

The Cream is a rich and deep penetrating moisturizer. Its unique blend of botanicals penetrates deep into the skin and locks in moisture while soothing and healing even the driest of skin. Regular use of the cream will improve your skin's vitality, health, vibrancy and texture. The Cream is made from all natural ingredients, does not contain any animal by-products or base commonly found in cosmetics. *Recommended for normal to dry skin and hair.*

The Emulsion is a concentrated blend of extracts and essential oils specially formulated to be absorbed quickly and deeply into the skin. The deep penetrating oils lock in moisture and help to heal, soften and soothe your skin. The Emulsion is made from 100% all natural plant extracts and essential oils; and it has a rich botanical scent. *Recommended for normal to dry skin and hair.*

Mantra will be available in limited release and may be purchased online at www.yourmantra.org.
